Note:

Live panel discussion and participation: This will take place at 06:00 every morning UK time week. Together with the recorded talks, a selected panel (surgeons and therapists) will stream in from London to participate for discussion and comments.

Only events in Rooms 1 and 2 of the IFSSH conference and Main therapy room of IFSHT are recorded and available for streaming/on demand watching.

Three events (2 surgery and 1 therapy) will be streamed at a time. The other events will be recorded and made available later on.

Selected recorded events are made available for online viewing the following day. Any other recorded events will be made available at a later date for on-demand viewing.

Selected recorded event, edited and played at different time zones

Live stream from IFSSH (London)

Selected recorded event but with live panel participation from IFSSH (London)
